ABOUT MIT

Madras Institute of Technology (MIT) is a pioneer Institute established by the great visionary and industrialist Shri.C.Rajam in 1949. Besides promoting research and disseminating knowledge in the true sense of the motto "In the service of India", it fosters cooperation between the academic and industrial communities. The education in this institute is application oriented, thereby helping the students to make a smooth transition from the college to industrial world. The illustrious list of alumni is headed by the Ex-President of India, Dr.A.P.J.Abdul kalam.

ABOUT THE DEPARTMENT

The Information Technology department offers BE(CSE), B.Tech (IT), M.Tech (IT), M.S and PhD (in the area of Networking, Web Services, Grid Services etc..). The Department of Information Technology strives to produce world-class professionals who can compete with the industry's best brains. "Pursuit of success through Academic, Research and Technical Excellence" is our motto. The Department believes that students need to enhance their technical skills in addition to bookish knowledge and therefore we encourage our students to involve in many projects. The dedicated team of faculty and Professional assistants trains our students rigorously so that they can face technical challenges in their careers with confidence. The department has taken up several funded projects sponsored by ISRO, DRDO, CSIR, DRDL, CDAC, DIT-MCIT New Delhi, Xambala and TCS.

ABOUT THE WORKSHOP

Mission10X is Wipro's innovation that aimed at promoting systemic changes to current teaching learning paradigms in engineering education. Wipro is doing this in collaboration with academia to enhance the employability amongst engineering graduates. Mission10X programme focuses in training through capability-building workshops for the faculty, who will in turn nurture the talent pool in the country. Through this learning model, the faculty will train students in four skills: analytical, verbal, interpersonal and intrapersonal. This would upgrade employability skills of the engineering students.
